Primary Examiner, Art Unit 3656

1. The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 3656.
2. The response filed on July 9, 2008 has been entered.
3. Claim 1 is allowable. Claims 9-18, previously withdrawn from consideration as a result of a restriction requirement, Claims 9-18 require all the limitations of an allowable claim (i.e., Claim 1). Pursuant to the procedures set forth in MPEP § 821.04(a), **the restriction requirement between inventions I and II, as set forth in the Office action mailed on January 6, 2005, is hereby withdrawn** and Claims 9-18 hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
4. Claims 1-28 are allowed.
5. The following is an examiner's statement of reasons for allowance: the claims are allowed because of the reasons, *inter alia*, listed below:

(a) The objection to the drawings in the *Ex parte Quayle* Action on May 9, 2008 is withdrawn in view of the agreement between Applicant and the Examiner's Supervisor, Richard

Ridley, on July 7, 2008. See Applicant's interview summary on page 2 *et seq.* of the response filed on July 9, 2008; and

(b) Claims 9-18 are allowed in view of Applicant's admission that these claims are method claims drawn to a method of making the apparatus of Claim 1 as seen in Applicant's Request for Rejoinder of Withdrawn Claims on page 4 of the response above. In other words, Applicant admits that Claim 9 requires all of the limitations of allowed Claim 1. Therefore, Claims 9-18 are rejoined with Claim 1 and allowed therewith pursuant to the Board decision on April 29, 2008 and MPEP § 821.04.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Khatiblou (abstract), Lantz et al. (Claims 1-24), and Weaver (stress level).
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vinh T. Luong whose telephone number is 571-272-7109. The examiner can normally be reached on Monday - Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Ridley can be reached on 571-272-6917. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
